

## Test Taker Procedures

You will be participating in a Remote Proctoring session.

**Test Name:** \_\_\_\_\_

**Test Date:** \_\_\_\_\_

**Time:** \_\_\_\_\_

In order to participate in this session, you will need to complete the following steps on your computer:

- Download the Zoom® app.
- Perform a **System Check** to ensure your computer meets the system requirements. You must use a computer for testing. Macs and Chromebooks are not compatible with Zoom for Remote Proctoring sessions. See Minimum System Requirements on page 13.
- Download the secure browser to be able to take the test.
- If you are taking the *TOEFL Primary*® or *TOEFL Junior*® Speaking test, you will need a headset with a microphone.

Once you have successfully loaded the secure browser, please email \_\_\_\_\_.  
Your Zoom meeting invitation will be sent after your confirmation of secure browser installation is received. If you have any questions or need assistance, please contact \_\_\_\_\_.

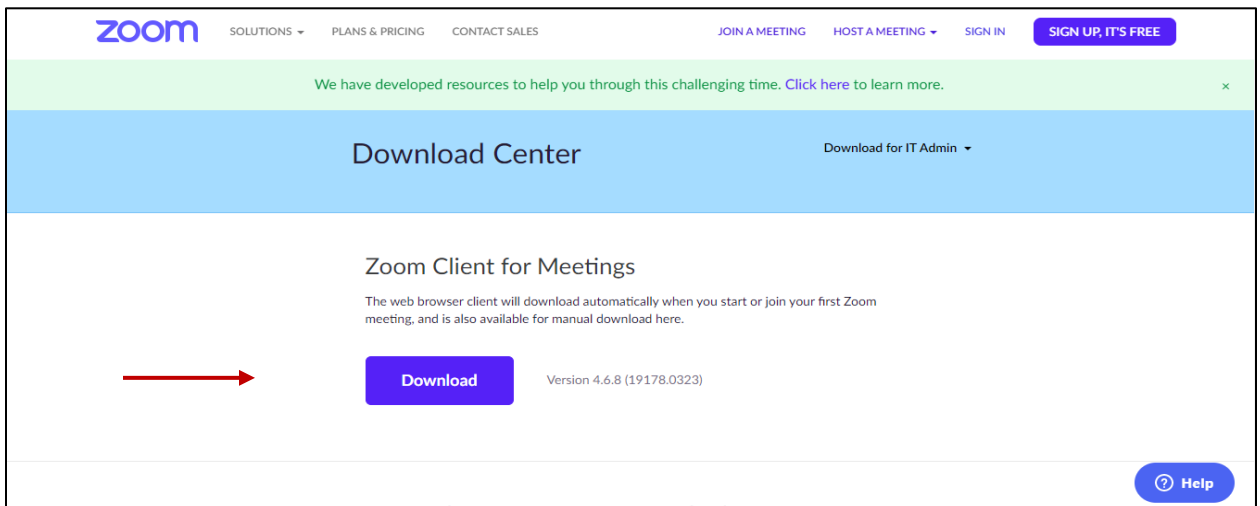

### Checklist

- **Before the Day of the Test**
  - **Step 1- Download Zoom (page 2)**
  - **Step 2- Perform a System Check (page 4)**
  - **Step 3- Download the TOEFL® Secure Audio Browser (page 6)**
- **On Test Day**
  - **Step 1- Prepare your Test Location (page 9)**
  - **Step 2- Enter the Zoom Meeting (page 10)**
  - **Step 3- Start the Test (page 10)**
- **Minimum System Requirements (page 13)**

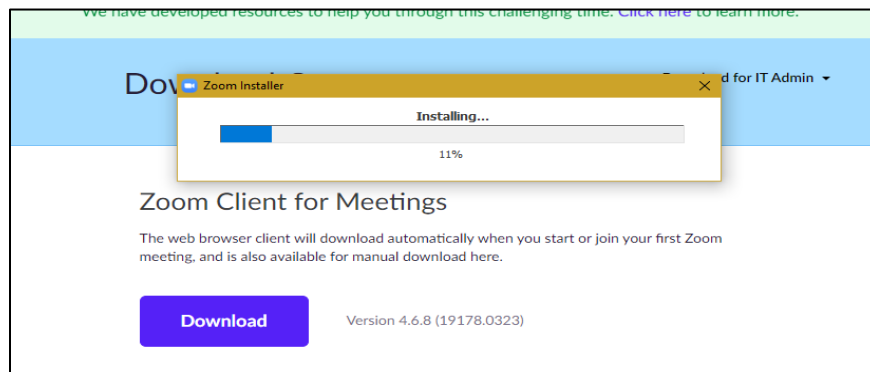

## BEFORE THE DAY OF THE TEST

### Step 1 – Download Zoom

1. Download the Zoom application by accessing <https://zoom.com/download>.
2. From the Download Center, click **Download**.

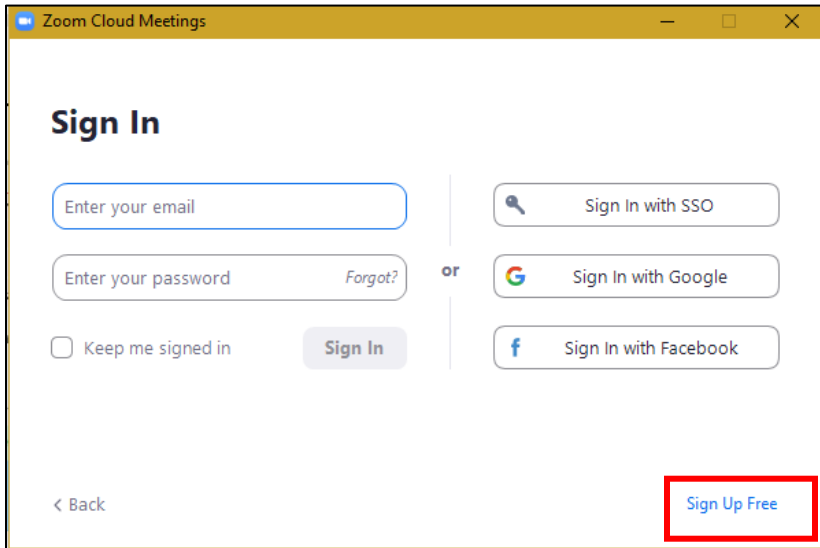

3. Installing progress bar displays

4. You may need to click on the .exe file to open and then Install.

- Once the download is complete, the following screen displays. Select **Sign Up Free** and create a free account by entering your email address and creating a password.

- After creating your account, the following screen displays:

- Click **X** to close the window.
- After closing the window, confirm that the icon below is on your desktop.

- You will need to log in to Zoom prior to your testing session. Your video will need to be enabled because your proctor will be monitoring you during the entire testing session.

## Step 2 -Perform a System Check

You must perform a **System Check** to make sure your computer and internet connection will allow you to complete the test on test day. This check must be performed on the same computer and internet connection you plan to test with, and should be performed about the same time of day you are scheduled to test.

The **System Check** tests a variety of things such as your operating system, browser, display settings and internet speed. If any of the checks fail, please ensure that you meet minimum system requirements. Before running the system check, **change the language on your computer to English**. If you do not change the language, the computer will fail the system check even if it meets the minimum requirements.

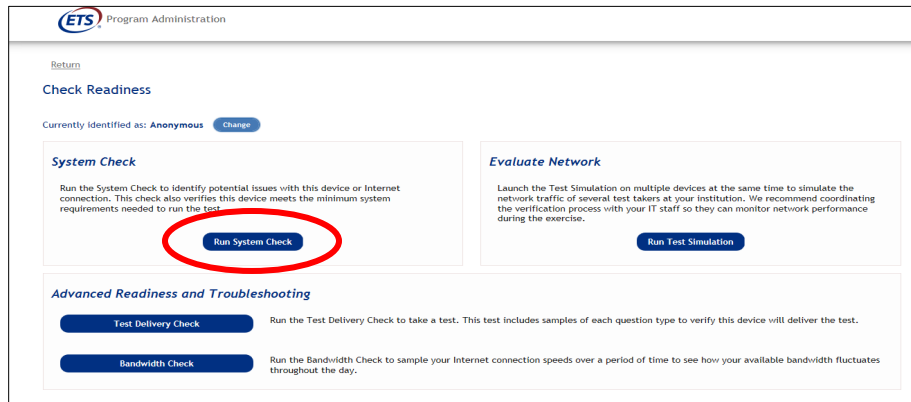

1. Navigate to <http://www.ets-ellonline.org/>.
2. Click **Check Readiness**.

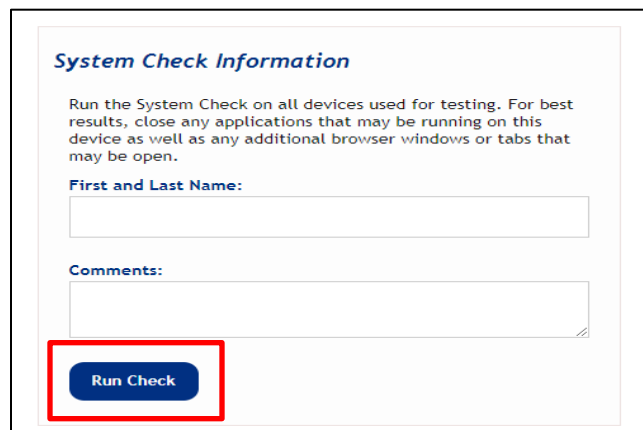

3. Click **Skip this Step**.

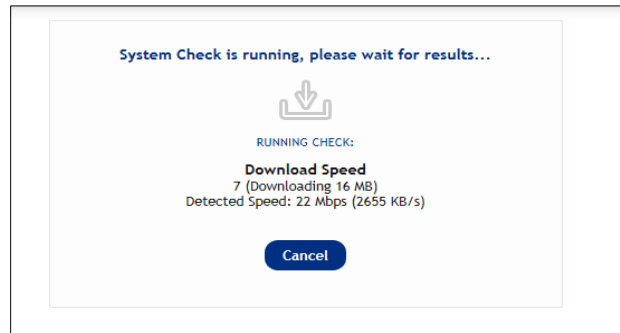

4. After you select **Check Readiness**, the following screen will appear.
5. Click **Run System Check**.

6. Leave the First and Last Name and Comments fields blank.

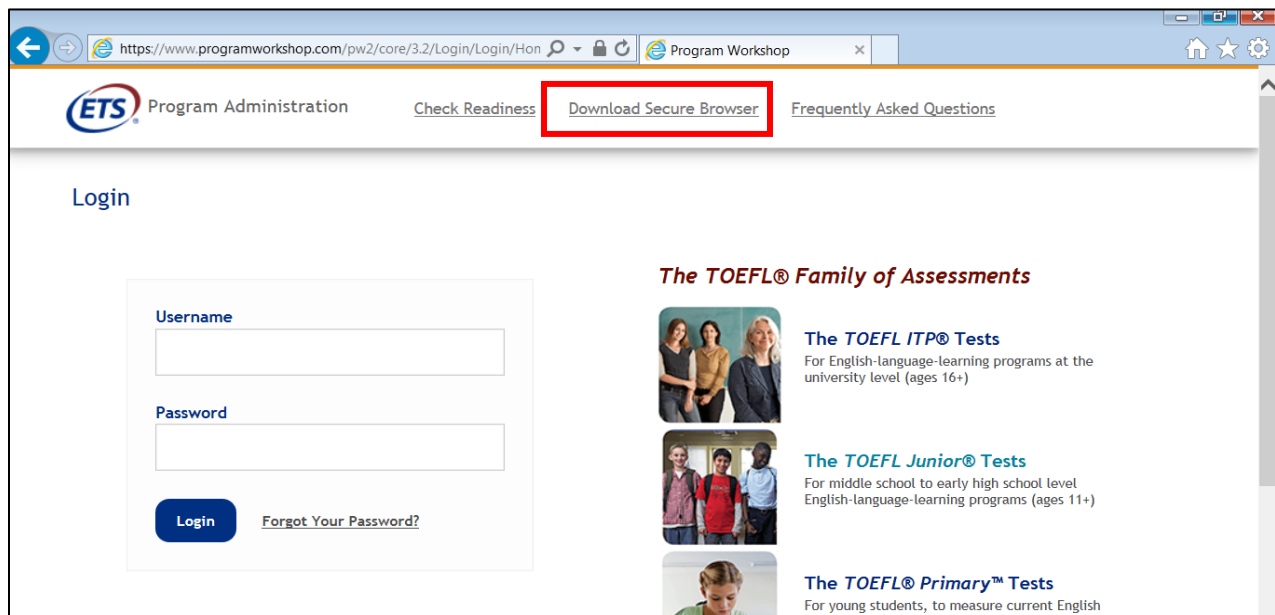

7. Click **Run Check**. You will see the system check testing different functions needed to successfully administer the test.

8. Once the check has finished running, review the results to ensure that you can run the secure browser.

### Step 3 – Download the TOEFL Audio Browser. You will use this browser to take the test.

1. Navigate to <http://www.ets-ellonline.org/>.
2. Click **Download Secure Browser**.

### 3. Click **Skip this Step**.

#### Link This Device to Your Institution

Select the institution you would like to link to this device to allow us to provide institution specific secure browsers for testing. You will not be required to repeat this step unless you wish to change the institution you have selected.

If you are testing from home or outside of the institution's network, you may skip this step. Doing so will not impact test results and reporting.

These institutions are associated with your current location:

Continue
Skip this step

### 4. Click **Download**.

#### ClickOnce Secure Browser for Windows

The ClickOnce secure browser is a locked down version of an Internet Browser that does not allow access to any other programs. Administrator rights are not needed to install the Windows browser. The Secure Browser must be installed on the devices that will be using it.

1. Click the "Download" button.
2. Depending on your browser and settings, one of the following will happen when downloading the secure browser install file
  1. Your browser will automatically download the secure browser install file to your "downloads" folder on your device. To access your downloads folder, open any folder on your device and the "downloads" folder will be listed on the left hand side bar.
  2. Your browser will prompt you to run or save the secure browser install file. You may do either.
3. Launch the install file. The secure browser will then prompt you to install the file.
4. Click Install.
5. The secure browser will install itself on your device and a shortcut will be placed on your desktop.
6. After the secure browser has been successfully installed you will no longer need the install file if it was saved after clicking the download button. Use the shortcut to launch the secure browser.

Download

### 5. Click **Install**. When installation is complete, click **OK**. A shortcut to launch the audio browser will be added to your desktop.

6. Confirm that the icon below is on your desktop.

7. Double click the icon to make sure the browser opens.

A screenshot of the TOEFL Audio Browser web application. The page has a white background with a light blue header containing the ETS logo. On the left, there is a form with a 'Session Number' label, a text input field containing '10324-65', and a blue 'Submit' button. On the right, under the heading 'The TOEFL® Family of Assessments', there are three sections: 'The TOEFL ITP® Tests' (for university-level programs, age 16+), 'The TOEFL Junior® Test' (for middle school to early high school level programs, age 11+), and 'The TOEFL® Primary™ Tests' (for young students, ages 8+). Each section includes a small image of students. At the bottom of the page, there is a copyright notice and the ETS logo in the bottom right corner.

8. You can close the screen by clicking **Close** in the upper right corner.
9. Once this step has been completed, please email \_\_\_\_\_ and advise that you have successfully set up your computer for the test administration.

## ON TEST DAY

Approximately 10-15 minutes before your appointment time, review the policies in the meeting invitation email and prepare your testing environment.

### Step 1- Prepare your Testing Location

- Before you enter the Zoom meeting, restart your computer. This will prevent unauthorized software from running in the background when you launch the test.
- You must use the computer and internet connection on which you performed the system checks. You can have only one computer monitor.
- You must test in a quiet, well-lit, private location. Light source should not be behind you.
- Use a personal computer and network to take the exam. If you need to schedule time in advance to reserve a quiet space, please do so ahead of your appointment.
- Public locations such as coffee shops and computer labs are not permitted. Use of a private internet connection such as corporate networks, hotel networks or government connections will likely prohibit the use of the required technology due to the network's firewalls.
- Clear the area of notes, books, smart watches, tablets and any other items. Cell phones and other electronic devices must be removed from the area. Food and drinks are not permitted during testing.
- You may not leave your seat during the test administration.
- If [scratch paper](#) is permitted for your test,
  - You **may not** take notes on regular paper, for security purposes.
  - You **may** take notes using one of the following:
    - Whiteboard with erasable marker
    - Paper with transparent sheet protector and erasable marker
  - **You will be asked to erase all notes in view of the proctor at the end of the test.**

If you fail to comply with these regulations, you may be asked to leave the testing room and your test may not be scored. The test administrator has the right to request that ETS not score a test taker's exam if the test taker did not follow instructions or if the test administrator suspects that the test taker cheated. No scores will be reported for that test taker.

## Step 2- Enter the Zoom Meeting

The day of the test administration, you will receive a second Zoom email invitation. This email will contain the Session ID for your test.

1. Close all applications on your computer.
2. Sign into your desktop version of Zoom.
3. Open the meeting invitation.
4. Click the link to join the meeting.
5. After you sign into Zoom, close the calendar or email application.

## Important Instructions

- You will be put into a waiting room and will be admitted to the testing room by the Proctor.
- You must enable video and open the Chat window.
- Make sure you are in Gallery view so small tiles display on the screen.
- Background disguise is not permitted.
- Do not open the TOEFL Audio Browser before signing into the meeting.
- Please be sure to join the meeting on time. If you arrive 15 minutes after the starting time, you will not be able to take the test during this session.

## Step 3- Start the Test

1. When the Proctor tells you to open the secure browser, click the **Windows key**

and the letter **D** to get to your desktop.

2. Double-click on the TOEFL Audio Browser icon on your desktop to launch the secure browser.

3. Enter the Session ID and click **Submit**.

The screenshot shows the ETS login interface. On the left, there is a 'Login with Session Number' section with a text input field and a blue 'Submit' button. On the right, under 'The TOEFL® Family of Assessments', there are three cards: 'The TOEFL iTP® Tests' (For English language-learning programs at the university level), 'The TOEFL Junior® Tests' (For middle school to early high school-level English language-learning programs), and 'The TOEFL Primary™ Tests' (For young students, to measure current English skills and provide a foundation for future success). A red box highlights a 'Check Audio and Microphone' button at the bottom of the assessment cards. The footer contains copyright information for Educational Testing Service and Internet Testing Systems, LLC.

4. Enter the Given Name, Family Name and Birthday (month and day); then click **Submit**.

The screenshot shows the ETS login page with two options. The 'Name and Birthday' option is selected, showing fields for 'Given Name' (Kacie), 'Family Name' (Morritt), and 'Birthday' (January 10, 2000). A blue 'Submit' button is at the bottom. The 'Student ID and Family Name' option is also visible with fields for 'Student ID' and 'Family Name'. A 'Back to Login' link is in the top right corner. The footer contains copyright information.

5. Confirm that the information is correct and click **Yes**.

The screenshot shows the 'Student Confirmation' page. It asks 'Is this you?' and lists the user's details: Name: Kacie Morritt, School: ETS Institution, Birthday: January 10, 2000, and Student ID: 12381521. There are blue 'Yes' and 'No' buttons for confirmation. The footer contains copyright information.

6. At this time, the Proctor will approve you for testing.

7. Once approval has been provided, the test will launch.

### Important Instructions

- Once you launch the secure browser, you will not be able to see the Chat window. All applications will be hidden, including Zoom. Only the test will be displayed.
  - If you have any problems during the test, please raise your hand. The proctor will pause your test and activate the Chat window so you can communicate your question or problem in writing.
  - If an error occurs that results in the secure browser closing or locking unexpectedly, restart your computer and perform the steps to re-enter the Zoom meeting. The Proctor will assist you with restarting the test.
  - This is a timed test. If you do not complete the test within the designated time, a message box will display saying time has ended. Make sure you monitor the time remaining by checking the timer in the upper right corner of the screen
8. When you have completed the test, click **Exit** and the Proctor will remove you from the Zoom meeting.

**Good luck on your test!**

## Minimum System Requirements

Before beginning setup, verify that your computer meets the requirements described below. If it does not meet the minimum system requirements, you will not be able to launch the test.

Have a strong, stable internet connection. This is extremely important. If possible, use a hard-wired connection to your router; you may experience difficulties with even the best Wi-Fi connection. The extra load of the remote proctoring software will slow things down and make it difficult for images to load and for the system to save your answers to the test questions.
